RODNEY B. WHITE
PRIMARY EXAMINER

Examiner Note: You must sign this form unless it is an Attachment to a signed Office action.

Examiner's signature, if required

Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Discussed claims 1 and 21, the differences in the present invention and the above Jessup et al reference, and the formal Amendment that was filed July 1, 2005. Discussed adding language to the claims that would define the seat and/or seating area swingably mounted to a lower end of the backrest allowing pivotal movement from a horizontal disposition to an upright position in a direction of the carrier frame out of a movement path of the occupant. The Jessup et al reference does not have such movement. The seat or seating area remains in a horizontal position as the occupant stands. The proposed Examiner's Amendment to the Amendment was agreed upon and will be entered as such.
